

train_svm

train_rf

all

```
graph TD; A(train_svm) --> C(all); B(train_rf) --> C(all);
```

The diagram consists of three rounded rectangular nodes. The top-left node is red and contains the text 'train_svm'. The top-right node is green and contains the text 'train_rf'. The bottom-center node is teal and contains the text 'all'. Two gray arrows point from the bottom of the 'train_svm' node and the bottom of the 'train_rf' node to the top of the 'all' node.
